INDEX OF ABSTRACTS OF TUBERCULOSIS

Abnormal decompression in artificial pneumothorax, 38
Abramson, H., and Barenberg, L. H. Respiratory disorders in infants, 91
Abscess, lung, acute, Bronchoscopy in, 52
——, ——, and bronchiectasis, Bacteria in, 52
Absorption of particulate matter, Lymphatic, 112
Absurdity of open-air treatment, 26
Accessory nerve, deep, Phrenicoexairesis with, 34
Acid, uric, Blood, in tuberculosis at high altitudes, 7
Acid-fast skin infections of cattle, 96
Acoustics of percussion, 7
Actinomycosis of lungs, Treatment of, 65
——, Treatment of, with iodine, 65
Action of graphite dust on lung, 111
—— —— silica on lungs, 63
Active tuberculosis, Monocytes in, 6
Acute intraclavicular focus, 105
—— lung abscess, Bronchoscopy in, 52
—— massive collapse of lung, 59
Adler, H., and Salus, F. Basal metabolism and specific dynamic protein action in tuberculosis, 114
Adult, Epituberculous infiltration in, 108
—— phthisis, Non-adult, 105
—— ——, Origin and course of, 108
Adults, Vitamine D in, 112
Advice, medical, on tuberculosis, Cost of, in industrial groups, 86
Age, old, Tuberculosis and, 77
Aged, middle, phthisis in, Progressive, 10
Air, Pollen content of, 47
——, Treatment of tuberculous empyema by replacement with, 16
Akerberg, K., and Erlandsson, S. Matefy test, 12
Alimentary assistance at Brussels dispensaries, Withdrawal of, 26
Alkalinity, blood, Potential, in pulmonary tuberculosis, 7
Allergens, Climatic, in asthma and tuberculosis, 46
Alpha lobelin as respiratory stimulant, 46
Altitudes, high, Blood uric acid in tuberculosis at, 7
Altro work shops, 27
André and DeLooze. Bilateral artificial pneumothorax and pulmonary perforations, 39
Animal experiments with sanocrysin, 43
Animals, BCG vaccination in, 98
Antagonism between cancer and tuberculosis, 61
Antenatal tuberculous infection, Probable, 89
Antigen Neuberg-Klopstock, Complement fixation with, 11
Antimony, Treatment of pulmonary tuberculosis with, 44
Antituberculosis campaign, General hospitals in, 86
—— organization in rural districts of Great Britain, 83
—— propaganda in industry, 87
Apical and subapical tuberculosis, 104
—— cavities, Phrenicoexairesis for, 34
—— tuberculosis, 104
—— ——, Fatal Sequellae of, 105
Archibald, E. W. Surgical treatment of pulmonary tuberculosis, 29
Arneth, Matefy and, reactions, Red-cell sedimentation, 14
Arneth's leucocytic formula, Value of, 5
Arnould, E. Disinfection of dwellings of tuberculous, 72
Arsenic-iron preparations in pulmonary tuberculosis, 45
Artificial pneumothorax after ten months' interruption, Successful resumption of, 37
—— ——, Bilateral, 38
—— ——, ——, and oleothorax, 39
—— ——, ——, —— pulmonary perforations, 39

Artificial pneumothorax, Bilateral, Successive, 39
—— ——, decompression in, Abnormal, 38
—— —— in sanatoria, indications for, Essential, 35
—— ——, Leucocytes during, 40
—— ——, Paradoxes of, 36
—— respiration, 113
Ascoli, M. Bilateral artificial pneumothorax, 38
Aspiration bronchopneumonia, 54
—— drainage of chest, Continuous, 40
Asthma, 46
—— and eczema, 49
—— —— tuberculosis, Climatic allergens in, 46
—— —— whooping-cough, Ephedrine in, 46
——, Cardiac, 49
——, treatment of, X-ray, 47
——, Tuberculin in, 47
—— with colds, 47
Atelectasis, 59
Atmospheric pressure, reduced, Treatment of tuberculosis under, 41
Augustine, A. E. Transmission of tuberculosis by dust, 88
Avian tuberculin in Johne's disease, 97

Bacilli, tubercle, dead, Immunization of guinea pigs with, 1
——, ——, human, and BCG, Survival of, in cattle, 71
——, ——, killed, Protective inoculation with, 101
——, ——, ——, Vaccination with, 102
——, ——, living, Treatment of tuberculosis with, 42
——, ——, Portals of entry of, 87
Bacteria of lung abscess and bronchiectasis, 52
Baer, G. Tuberculosis in congenital Syphilis, 65
Baetjer, Anna M., and Lange, Linda B. Effect of temperature and humidity on experimental tuberculosis, 3
Bamberger and Spranger. Treatment of tuberculosis with vigantol, 45
